20. Genealogy
- 21. Photo editing**
- 22. Video editing**
- 23. Play DVDs** (You can rip DVDs and copy them to your iPad)

All but the last 3, in ***bold italics***, can be done with an iPad. In fact, there are several photo editing Apps for the iPad but, alas, no Photoshop Elements.

Numbers 18 & 19 are easier done on an iPad as are several other tasks.

Conclusion - if I can wait until I get back from my next trip to edit my photos and videos, I can leave my laptop home and save 3 lbs.
