

How to download MP3's from YouTube

1. Go to YouTube and search for an artist. I used Carole King for this example. Below are songs from her Tapestry album

2. Copy the URL from the Address Bar
3. Go to <http://convert2mp3.net/en/index.php> and paste the URL into the Videolink box as shown below

Insert video link (URL) and select format

e.g.

4. Next, change the format from mp3 to one of your choice or leave the default at mp3
5. Next, click the Convert button and wait for the process to complete

6. On the next page click Continue. Notice the ID3 tags

The infos will be set as ID3-Tags.

artist: 

name: 

 advanced tags

7. On the next page click Download.
8. You can click Convert next video to download another mp3
